Thanks, Pam.

I have attached an update to a briefing paper that we provided to Region 2 in mid-December. I hope this provides sufficient information on our rationale and goals for this enforcement investigation. I updated the final paragraph to reflect recent developments. I have also attached a list of names from the forthcoming litigation hold's custodian list so that you can be aware of the relevant contacts across offices and regions.

Please let me know when you know who from Region 3 can attend next Wednesday's meeting, and if you have any questions in the meantime.

Hey Jeff,

Just to follow up on our conversation this morning, Region 3 is going to talk internally to see who is available to get to the meeting on the 27<sup>th</sup>.

**Ex. 5 AC/DP**

Thanks again and have a good day,  
Pam

*Enforcement Confidential / Do Not Release*

Hi Andy and Pam,

I wanted to let you know that we have scheduled a meeting with Chemours next Wednesday, February 27 starting at 9:00 am at our offices in DC. Chemours' counsel requested the meeting shortly after we sent CWA 308 information requests to the company. We anticipate the meeting being more of a listening session than a settlement negotiation. We are hoping to have regional representation in person. Unfortunately, we will not be setting up a call-in number. Please let me know if you (or members of your offices) are interested and able to attend. (Joe has also let Rick Rogers know about the meeting).

Thanks!

-Jeff
